

June 2020 SBQG Block of the Month

Tiny Houses During and Remembering the Pandemic

Tiny house guidelines for free-form creation

1. Decide on size of your houses. We made ours 3½" square
2. Make a roof/sky piece with 1/2 square triangles flying geese
3. Make the house base any way you like with sky or not, doors and windows or not

Dottie's tiny houses and links to her inspiration sites.
